

Martabe Gold Mine is managed and operated by PT Agincourt Resources. The mine covers an area of 30 km<sup>2</sup> that falls under the sixth generation of Contract of Work (CoW) covering a total area of 1,639 km<sup>2</sup>.

The resource base on 31 December 2017 includes 8.8 Moz of gold and 72 Moz of silver. Production commenced at Martabe on 24 July 2012. The operating capacity of Martabe Gold Mine is in excess of 5 mtpa ore to produce in excess of 300,000 oz of gold and 2-3 Moz of silver per annum.

PT Agincourt Resources engages more than 2,600 employees and contractors, with approximately 98% Indonesians, of which more than 70% were recruited from local people.

To strengthen the existing maintenance management team and to ensure the achievement of the company objectives, the Martabe Gold Mine is looking for candidate to fill the role:

## **TRADESPERSON ELECTRICAL & INSTRUMENTATION (PRO 1812088)**

This position will be based at **Martabe Site**, and reports directly to the Supervisor Electrical & Instrumentation.

The Role of the Electrical & Instrumentation Trades personnel is to provide 'hands-on' support for the Electrical / Instrumentation (E&I) Supervisors, so as to ensure that the maintenance, modifications, servicing and installation activities carried out by the E&I maintenance team are performed in a professional, safe, diligent, timely, cost efficient and cost effective manner, whilst taking into consideration the priority requirements of the Process Plants and associated infrastructure's electrical & instrumentation plant, equipment & apparatus being attended to.

Close interaction with your peers in the Electrical / Instrumentation, Mechanical, Process and Metallurgical teams as well as Maintenance Planning and Warehouse personnel will be crucial to the overall success of your role.

**Candidates for this role would be expected to have the following qualifications and experience:**

1. Graduated from Polytechnic / Technical training institute or approved Apprenticeship with Electrical qualifications
2. Experience in similar position within the mining, oil & gas or similar heavy industrial environment.
3. Experience with electrical & instrumentation maintenance, problem-solving and inspection processes.
4. Experience with electrical & instrumentation installation methods and practices.
5. Good knowledge of occupational hazards within the mineral processing industry.
6. Ability to understand and efficiently carry out written and oral instructions.
7. Ability to interpret electrical schematic & single line drawings.
8. Computer literate with Microsoft Excel, Word, Power Point, Outlook.
9. Hands on knowledge of Pronto or similar CMMS software
10. Basic understanding of Industrial Control Systems (ICS)
11. Experience in the construction phase of a mining project.

If you believe, you possess the skills, qualification and experience to fill in the position, please send in your CV complete with your **latest photograph, Identity Card Number and Date of Birth** by quoting the position title & code (**PRO 1812088**) on the email subject, not later than **January 09, 2019** to:

**Human Resources Department – PT Agincourt Resources**
